Packing content
1x IB-AC6104, 1x manual

First: Faster, Second: Fourfold!

USB 3.0 has a bandwidth of up to 5 Gbit/s. That makes it up to 10 times faster than USB 2.0. With this hub you can use the fast USB 3.0 for four devices. USB 3.0 is downwardly compatible, it fits also USB 2.0 cables and devices (with their transfer rates). The Hub is buspowered.

ICY BOX IB-AC6104 4 port USB 3.0 hub

No free slots left?

A lot of times, the cheaper mainboards have only a few USB 3.0 ports available. This compact hub provides a quick help. All you have to do is sacrifice one free USB 3.0 on the PC and automatically, four ports are available! problem solved.

Super speed

With USB 3.0 you can reach transfer rates of up to 5 Gbit/s for each port so you need less time for transferring files and gain more time for anything else.

Looking good ain't enough

But it sure helps! That is why this hub is made of high quality aluminium. It is light and makes sure the heat is passively dissipated to the outside of the device. Additionally, thanks to the integrated USB 3.0 cable, searching for a cable is a thing of the past.
