-------------------------------	---

A smart protection system ensures your laptop is safe from overload and short circuit, while a durable and energy-efficient design prevents unnecessary power usage and overheating.

Small size, big charge

A compact design means less clutter, more space – and a perfect commute companion.

Use it, strap it, store it

A 3m cable means you have the choice to sit and charge where you like, while storage straps prevent tangles and allow for convenient storage.
