

Regnum 400 ARGB

 ENDORFY

PC CASE

Keep it cool
and colorful!

The Endorfy Regnum 400 ARGB is what your components dream of at night. It can easily fit everything you need for work and more, all while further enhancing your meticulously built battle station with its ARGB glory.

Stratus 120 ARGB fans

Includes 4 powerful and durable Stratus fans with ARGB lighting and PWM speed control, co-developed with Synergy Cooling.

Tempered glass side

Transparent side panel puts your hardware in the spotlight.

Ample internal space

Spacious interior fits extra-long video cards and power supplies, even with front-mounted water cooling radiators.

Multi-radiator capacity

Enough room for large radiators up to 360 mm on the front side and up to 280 mm in the roof of the case.

Airy and accessible front

Mesh filter in a magnetic frame lets in cold air and comes off easily for cleaning or to give access to front fans.

High airflow design

Fit up to four 140 mm and one 120 mm fan – or seven 120 mm fans – to supply powerful builds with sufficient airflow.

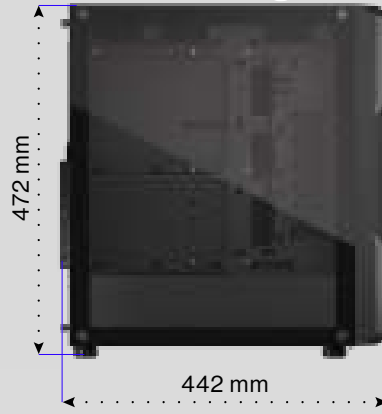

ARGB lighting

Addressable lights can be controlled with a built-in controller or by your motherboard.
