Neomounts mobile motorised trolley for 42-85" screens, tilt and height adjustable - Silver

Create the optimum viewing positioning for both standing and seated audiences with the Neomounts PLASMA-M2550TSILVER motorised floor stand. The trolley is a perfect solution for classrooms, offices, meeting rooms and public areas.

The floor stand has a 90° tilt function that allows the (touch) screen to be used in table-top mode. The PLASMA-M2550TSILVER is suited for 42-85" screens with a VESA hole pattern of 400x200 to 800x600 mm and has a maximum weight capacity of 150 kg. The cable management system ensures orderly routing of the cables at the back of the mount.

The mobile floor stand is automatically tiltable (90°) and height adjustable over a height of 28 cm with a remote control (69-97 cm). The trolley features four solid castor wheels, of which the two front wheels are equipped with a brake. Thanks to these high-quality wheels, the trolley can be easily moved over doorsteps and thresholds.

All installation material is included with the product.
